Old Business

- Smoking votes. Jay Martin makes a motion to keep it the way it is, with no smoking during kitchen hours. That motion second by Warner. Ellis makes a motion to go nonsmoking, based on the fact we will probably eventually be going nonsmoking due to government regulations eventually. Sharon asked a question as to what we will do for the smokers outside during the winter. We might table this discussion for longer as we work on a solution for our smokers so they don't get kicked out into a snowstorm. We will have vote next week but it may not be active until we come up with a viable solution for any outcome.

- Pavilion area was enclosed with stainless steel, still some further improvements being considered to enclose and some other ideas to make it easier to serve out there. Thanks again to Ellis and Rich for all their help! Ellis – we have a lot we want to do yet but it's getting good.

New Business:

- Nicole Romanishan reports on the financial audit which spanned from January through July. The only error found was on the accountants part, duplicate check numbers in our payroll.
